We grow food, skills and a resilient community

We seek to do this by providing a place where community members come together to grow with one another through the sharing of urban homesteading skills, gardening, cooking and preserving skills and personal growth through the arts. In this way, individuals become more self-reliant while also building a network of support with neighbors, within neighborhoods and throughout the community.

Main Focus of Position: Food Justice

- Victory Garden support
- Maintenance projects
- Assist with orchard upkeep, and garden planting & harvesting
- Participate in Thursdays in the Garden and Weed n' Feed events
